4. <https://www.backabuddy.co.za/champion/project/supporting-supporters> - The Nation Builder trust has started a Gap Fund to pool resources to distribute to select NPOs to support them economically during current funding shortfalls to allow them to keep doors open during crisis.

Local:

1. FoodflowZA - <https://www.foodflowza.com/> - Partnership with local food producers/farms to purchase bags of produce from farms who are facing reduced income from the restaurant industry and distribute to families of children normally reliant on school feeding scheme. Have confirmed they have approval to continue as essential service during lockdown period. Distribution is through the WC Department of Social Development identified sites. Individuals who purchase multiple bags of produce are entered into a draw for meal at one of the fine dining restaurant partners. Payment via EFT or webtickets.
2. <https://www.backabuddy.co.za/champion/project/covid-19-masks-fund> - Dr. Niall Evans, a Cape Town based anaesthetist partnered with Gift of Givers are fundraising to purchase/import a large order of N95 Masks and local 3d printed visors to distribute to local public and private hospitals for clinicians.
3. Abalimi Bezekhaya is a project with a long history of supporting urban farmers in the poorest parts of Cape Town to grow healthy nourishing food for local consumption and to secure income generation for mainly female farmers. See <http://abalimibezekhaya.org.za/> for info about the organisation. Support at <http://abalimibezekhaya.org.za/call-to-action/corona/> or <https://www.backabuddy.co.za/champion/project/manure-support-in-response-to-corona>.
